FY04 Predictions

- We will have an SOR
- We will have a better understanding of what industry has to offer
- We will have a partnership with DoD, to include the JTRS JPO
- We will have strong Federal partnerships through Dereck Orr's Summit
- We will have an operational clearinghouse database
- We will have a larger impact on grant guidance
- We will have improved outreach
- We will begin several new operational testbeds
- We will be ready to launch a major R&D initiative in support of SAFECOM's strategic plans
- We will re-invigorate our "NTFI Connections" in partnership with SAFECOM
